In re: K294BI, Schulenburg, TX
BPFT-20140828AAJ
Facility ID # 148127

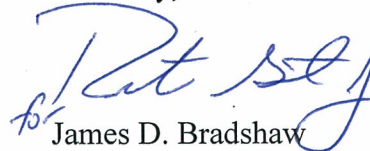

Dear Applicant:

This refers to: (1) the above-captioned application for K294BI, Schulenburg, Texas.

An engineering study of the application reveals that it is in violation of Section 74.1235(b)(2). The application proposes an effective radiated power ("ERP") of 250 watts. Section 74.1235(b)(2) states that the maximum allowable effective radiated power with an antenna height above average terrain (HAAT) between 119 meters and 130 meters is 170 watts. Our study reveals that the azimuth at 60° has a HAAT of 128.7 meters. The application failed to discuss this violation. Therefore, we will dismiss the application.

In light of the above, the application BPFT-20140828AAJ filed by Centro Cristiano De Vida Eterna is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

James D. Bradshaw
Deputy Chief
